Press Release

Thousands of students from all over the country will assemble at Thiruvananthapuram on 11th November to raise voice against communist terror: Vinay Bidre (National General Secretary, ABVP)

- ABVP has called for a huge rally in Kerala on Nov 11 to expose the communist brutality on activists of nationalist organizations in the state.
- ABVP demands justice for its activists being killed in Kerala just because they disagree with the ruling CPIM's ideology.

The CPI-M has been conducting cold blooded murders against its political opponents in Kerala especially at times when it is in power in the state. Several of our activists have been martyred fighting communist terror and our offices have been attacked time and again. This year, ABVP is gearing up for a major public protest against this.

The capital city of Kerala, Thiruvananthapuram will witness a major rally on November 11th against the CPI-M atrocities and is named 'Chalo Kerala' with more than 50,000 ABVP workers, leaders and members from across the country flocking to Thiruvananthapuram to take part in this historic march raising their voice against the human rights violation and bloody murders conducted by the CPI-M and their student body, SFI. Outside Kerala, in other states, the SFI and CPI-M speak of human rights violation and student rights but in Kerala the CPI-M and SFI do not allow their opponents to even work, leave alone freedom of expression and thoughts. They kill their political rivals in the most brutal fashion of barbarians like killing by hurling stones and boulders. We have seen this in Parumala Dewaswom Board College when three ABVP workers: Sujith, Kim Karunakaran and PS Anu were killed by hurling stones against them while they were trying to escape the brutal thrashing by SFI, CPM, CITU and DYFI workers by jumping into river Pampa. However on the tragic day of September 17th 1996 the students were not even allowed to raise their heads in Pampa river as boulders and stones were hurled at them in vengeance from the banks of the river and they succumbed to death. This action which can never be accepted in a democratic society. This is however the Communist style of work: brutal and savage.

The case of the elected Chairman of Guruvayur Sreekrishna college, Sanoop is a classic example of how intolerant CPI-M and its student wing SFI is. There was an undeclared rule made by the dictatorial SFI in the College that only the flag post and flag of SFI should be seen and nomination papers were not allowed to be filed by other student organizations in College elections, except that of SFI. One week after Sanoop joined college he faced severe thrashing following him wearing Rakshasutram. However, Sanoop did not back out and contested elections and got elected as Chairman of Guruvayur Sreekrishna College with a margin of 24 votes. It was a major shock for the SFI in their bastion. SFI decided to take its revenge when he was appearing for the university exams on 28th February 2008. That day, Sanoop was brutally attacked by a group of SFI goons and his left eye was completely injured following beating with iron rods on his head and both his legs and arms were broken with multiple fractures in his legs and arms. Sanoop lost his left eye forever. The CPI-M has done one of the cruelest murders in world history. In 1999, they barged into an Upper Primary classroom of Mokeri East UP school in Panur, Kannur district and lynched Yuva Morcha state vice president K.T.Jayakrishnan Master who was teaching children. Such killing of a teacher in front of his students in a classroom is unheard of.

As the leftists are holding an ideology which has been rejected across the world, they are trying to save their last bastions with whatever means they can and these cold blooded murders and killings seems to be their last ploy for survival or rather existence. When they cannot fight an ideological battle, they are resisting to this physical battle with people who don't agree to their ideology.

Recently, we saw a Communist leader who was arrested for a case relating to attempt murder of BJP workers putting the official cap of the Sub Inspector of Police and then posted his selfie and uploading in social media. Political power seems to have taken to the head of the Communists. Hundreds of people have succumbed to the killer knives of the Communists in Kerala. In Kerala, more than 250 nationalist activists have been killed by the CPIM goons. In Kannur district alone more than more than 82 activists of organizations related to RSS have been butchered by CPI-M goons.

Several ministers of the Pinarayi Vijayan cabinet including the Chief Minister are accused in murder cases. The CPI-M state secretary Kodyeri Balakrishnan is also a murder accused. So, right after this government was formed, attacks have increased manifold. In this scenario, it is important that nationalist students from all over the country stand in solidarity with the nationalist students of Kerala who are fighting communist terror on a daily basis. God's own country Kerala, which is known for its natural beauty as well as hard working people, needs to be saved from this murderous spree of the communist brigade. Only through strong public movement can this communist culture of autocracy, violence, intimidation and murders be curbed and for that all democratically oriented citizens must join together to raise voice against communists in Kerala.
